

SEE 2019 CATALOG

OFFICE SPACE FURNITURE

BACKGROUND AND DISCLAIMER

The Supported Employment Enterprises was established in 1948 to provide employment opportunities for persons with disabilities who came out of the second world war. Currently the entity employs just over 1000 persons with disabilities in 12 factories located in 7 of the 9 provinces in South Africa. The only provinces currently without our facilities is Limpopo and Mpumalanga.

The entity is under the Department of Labour and as part of its mandate the SEE intends to employ an additional 150 persons with disabilities by the end of March 2020. The entity is also in the process of establishing a factory in Limpopo and soon a new factory in Mpumalanga will follow.

The SEE is now a member of the Proudly South Africa campaign and promotes procurement of locally manufactured products. We also pride ourselves in the fact that we use locally sourced raw materials in our production processes

A photograph of a modern office interior. In the foreground, a large, dark wood conference table is set with a laptop and a small tray. Behind it, two black leather chairs are positioned around a round table with a teapot and cups. To the right, a tall, dark wood cabinet with glass doors stands against the wall. The floor is covered in a grey carpet with green and orange geometric patterns. The background shows a glass door and a potted plant.

OFFICE SPACE FURNITURE

Supported Employment Enterprises manufactures office furniture from 100% locally sourced raw materials

All furniture is manufactured by persons with disabilities
The mandate of the SEE is to create employment opportunities for persons with disabilities
